

## Outline Conference Programme\*

MONDAY, 7 DECEMBER 2015		WEDNESDAY, 9 DECEMBER 2015	
14.00	Exhibition set-up	09.00	Approaches to clinker reduction and alternative fuels utilisation in Brazil: Luiz Germano, Votorantim Cimentos (Brazil)
16.00	Delegate registration	09.20	Energy performance best practice at Union Bridge: Jeff Hook, Lehigh Cement (USA)
18.30	Cocktail reception followed by Welcome Dinner	09.40	Climate change and regulatory developments in California: what are the implications for the North American cement industry? Josh Snead, King & Spalding (USA)
TUESDAY, 8 DECEMBER 2015		10.00	The evolution of alternative fuel production in the United States: Edward Morton, VP, Evolution Environmental (USA)
07.30	Delegate registration	10.30	<b>Coffee Break</b>
09.00	Welcome address from the conference organisers	11.00	Quarry management and restoration projects
09.30	Keynote address: Cary Cohrs, CEO, American Cement and former PCA Chairman (USA)	11.30	Mercury emission reduction in cement kilns
10.00	The Canadian cement sector – current status, future developments: Michael McSweeney, President and CEO, Cement Association of Canada	12.00	Health and safety case study: implementing good practice at your plant
10.30	<b>Coffee Break</b>	12.30	<b>Lunch</b>
11.00	Economic trends and construction drivers in the US and Latin America: Scott Hazelton, IHS (USA)	14.00	Utilizing dry sorbent injection technology to improve acid gas control for cement plant regulatory compliance: Gerald Hunt, Lhoist North America (USA)
11.30	Outlook for the North American cement industry: Rob Roy, ROI Economic Consulting (USA)	14.30	Real-time quality control with continuous on-stream mineral analysers
12.00	Latin American cement markets: Francisco Suarez, Scotiabank (Mexico)	15.00	Refractory materials and high-temperature corrosion in cement kilns
12.30	<b>Lunch</b>	15.30	<b>Coffee Break</b>
14.00	Current and future grinding technologies and techniques: John Kline, Kline Consulting (USA)	16.00	Bulk storage: too big to fail? Gerard Lynskey, SSI Consulting (USA)
14.30	The benefits of mini-modular mills: Chris Oesch, President, Gebr Pfeiffer, Inc (USA)	16.30	Global packaging innovations in cement: David Khanna, BPI.Visqueen (UK)
14.40	Cement trade in the Americas: regional supply and demand	17.00	NESHAP-compliant baghouse conversion case study
15.00	Unloading and storage concepts for cement import terminals	19.00	<b>Cocktail reception and Gala Dinner</b>
15.30	<b>Coffee Break</b>	THURSDAY, 10 DECEMBER 2015	
16.00	Case study – construction of the Piura greenfield integrated cement works: Juan Teevin, Cementos Pacasmayo (Peru)	08.00-14.30	Tour of American Cement's Sumterville plant
16.30	Modern clinker coolers and retrofit case studies		
17.00	Cement finish grinding – producing performance cements		
17.30	<b>Drinks reception in the Exhibition Area</b>
