

in association with

All courses are run and managed via the CemNet.com Training website with tutors providing full support to students throughout.

Each course is complete with full documentation, course notes, etc.

No additional material is required other than a computer with an internet connection.

Courses may be taken at work or at home and at times that suit all individual students.

Successful students are awarded a Certificate of Merit from The Independent Cement Producers Association as evidence of their diligence and competency.

Further details on costings, course content, technical levels and course suitability will be posted at:

<http://Training.CemNet.com>

*Note: all the listed courses can also be tailored as part of exclusive corporate technical training programmes and group training opportunities.*
