

Cemtech Europe 2015 Outline Conference Programme*

SUNDAY, 20 SEPTEMBER 2015		TUESDAY, 22 SEPTEMBER 2015	
14.00	Exhibition set-up	09.00	State-of-art cement grinding technology: from micro to macro scale: Marco Goisis, Italcementi SpA (Italy)
16.00	Delegate registration	09.20	Expansion of 1000tpd white cement kiln and innovative clinker handling system: Naseer Siddiqui, Saudi White Cement (Saudi Arabia)
18.30	Cocktail reception followed by Welcome Dinner	09.40	The wet to dry conversion of Akmenes Cementas: Pietro De Michieli, Bedeschi / CTP (Italy).
MONDAY, 21 SEPTEMBER 2015		10.00	Advanced cement grinding with 'reduced circuit': Florian Grassl, PM-Technologies GmbH (Austria)
07.30	Delegate registration	10.30	Coffee Break
08.45	Welcome address from the conference organisers: Thomas Armstrong, International Cement Review (UK)	11.00	Alternative fuels and raw materials handling, dosing and treatment and emissions abatements solutions: Florian Salzer, W&P Zement GmbH (Austria)
09.00	Opening address: Sebastian Spaun, Managing Director, Association of the Austrian Cement Industry (Austria)	11.30	Scalable sampling solutions for in-process particle size monitoring: Stuart Barton, Xoptix (UK)
09.30	European cement sector consolidation – what's next? Jean-Christophe Lefèvre-Moulenq, CM CICS (France)	12.00	Pelletised SRF fuel in Europe: Neville Roberts, N+P Recycling (UK)
10.00	European Union economics and the disconnect between the Northern and Southern construction markets: Dasha Lukiniha, IHS (UK)	12.30	Lunch
10.30	Coffee Break	14.00	Prepol Step Combustor – a simple combustion system for alternative fuels: Stephan Pallmann, ThyssenKrupp Industrial Solutions AG (Germany)
11.00	HeidelbergCement's endeavours in AFR and carbon capture and utilisation, Jan Theulen, Global Director Alternative Resources, HeidelbergCement (Belgium)	14.30	Wrapped bales – solutions for SRF/RDF handling, transportation and storage: Heikki Jyrkinen, Crosswrap (Finland)
11.30	Key developments in the Austrian cement industry: Dr Felix Papsch, Association of the Austrian Cement Industry (Austria)	15.00	Alternative fuels: SMP system for feeding pasty fuels to cement kilns: Donat Bösch, SID SA (Switzerland)
12.00	Eastern European and CIS construction and cement markets: Bartłomiej Sosna, PMR (Poland)	15.30	Coffee Break
12.30	Lunch	16.00	Solutions for catalytic filtration in the cement industry: Pietro Aresta, FLSmidth (Denmark)
14.00	CO ₂ mitigation levers and utilisation in the cement industry: Michel Gimenez, LafargeHolcim CIP (France)	16.20	High temperature clinker cooler gas filtration without water injection: Thomas Wyen, Ecospray Technologies (Italy)
14.30	Moving the Turkish cement industry towards higher thermal substitution rates: A TEC (Austria)	16.40	Advanced SCR and SNCR technologies for NO _x , CO, VOC: Georg Lechner, Scheuch GmbH (Austria)
15.00	Financing low carbon cement production in emerging markets: Florence Bachelard-Bakal, EBRD (UK)	19.00	Cocktail reception followed by Gala Dinner and entertainment
15.30	Coffee Break	WEDNESDAY, 23 SEPTEMBER 2015	
16.00	Alternate fuel and raw material utilisation in the Russian cement industry: Eurocement (Russia)	07.30-17.00	Plant tour to Lafarge Mannersdorf
16.20	Transport logistics – optimising truck productivity and haulier payment schemes: Karsten Horn, INFORM GmbH (Germany)		
16.40	Alternative fuels handling: Wolfgang Schulte, Beumer (Germany)		
17.00	The premiumisation of cement: David Khanna, BPI Visqueen (UK)		
17.30	Drinks reception in the Exhibition Area		

*This conference programme is provisional and subject to change
