

All courses are run and managed via the CemNet Training website with tutors providing full support to students throughout.

Each course is complete with full documentation, course notes, etc.

No additional material is required other than a computer with an internet connection.

Courses may be taken at work or at home and at times that suit each individual student.

Successful students are awarded a Certificate of Merit from CemNet Training as evidence of their diligence and competency.

Further details on costings, course content, technical levels and course suitability are available via:

<https://Training.CemNet.com>

*Note: all listed courses can be tailored as part of an exclusive corporate technical training programme, delivered either as tutor-led classroom-based or online. Please email for a quote.*

## Training Schedule 2018

• **Cement Manufacturing Technology** (six-week online training)

22 January 2018      09 April 2018  
09 July 2018      08 October 2018

• **Cement Kiln Process Chemistry** (six-week online training)

22 January 2018      09 July 2018  
08 October 2018

• **Cement Kiln Refractories Course** (six-week online training)

09 April 2018      16 July 2018

• **Grinding and Milling Systems** (six-week online training)

29 January 2018      09 April 2018  
06 August 2018      15 October 2018

• **Cement Factory Maintenance** (six-week online training)

09 April 2018      16 July 2018  
15 October 2018

• **Cement Factory Quality Control** (six-week online training)

29 January 2018      16 April 2018  
06 August 2018      05 November 2018

• **Cement Kiln Pyroprocessing** (six-week online training)

29 January 2018      16 April 2018  
09 July 2018      08 October 2018

• **White Cement Manufacturing Technology** (six-week online training)

26 February 2018      10 September 2018

• **Selecting & Using Raw Materials for Cement Manufacture**

(instant access course, starts anytime)
