

All courses are run and managed via the CemNet Training website with tutors providing full support to students throughout.

Each course is complete with full documentation, course notes, etc.

No additional material is required other than a computer with an internet connection.

Courses may be taken at work or at home and at times that suit each individual student.

Successful students are awarded a Certificate of Merit from CemNet Training as evidence of their diligence and competency.

Further details on costings, course content, technical levels and course suitability are available via:

<https://Training.CemNet.com>

Note: all listed courses can be tailored as part of an exclusive corporate technical training programme, delivered either as tutor-led classroom-based or online. Please email for a quote.

Training Schedule 2020

■ Cement Manufacturing Technology (six-week online training)

20 January 2020 06 April 2020
06 July 2020 05 October 2020

■ Cement Kiln Process Chemistry (six-week online training)

20 January 2020 06 July 2020
05 October 2020

■ Cement Kiln Refractories Course (six-week online training)

06 April 2020 13 July 2020

■ Grinding and Milling Systems (six-week online training)

27 January 2020 06 April 2020
03 August 2020 12 October 2020

■ Cement Factory Maintenance (six-week online training)

06 April 2020 13 July 2020
12 October 2020

■ Cement Factory Quality Control (six-week online training)

27 January 2020 13 April 2020
03 August 2020 02 November 2020

■ Cement Kiln Pyroprocessing (six-week online training)

27 January 2020 13 April 2020
06 July 2020 05 October 2020

■ White Cement Manufacturing Technology (six-week online training)

24 February 2020 07 September 2020

■ Selecting & Using Raw Materials for Cement Manufacture

(instant access course, starts anytime)
