

MIDDLE EAST & **AFRICA** 2020

Outline Conference Programme*

	SUNDAY, 16 FEBRUARY 2020
14.00	Exhibition set-up
16.00	Delegate registration
	MONDAY, 17 FEBRUARY 2020
07.30	Delegate registration
08.45	Welcome address
09.00	The outlook for global cement markets in 2020: Paul Roger, Exane BNP Paribas (UK)
09.30	Middle East cement sector trends and forecasts: Hettish Karmani, U Capital (Oman)
10.00	Cement - exploding some common myths: Peter Hoddinott, Peter Hoddinott Consulting (UK)
10.30	Coffee break
11.00	Global energy markets and 2020 forecasts: Frank Brannvoll, Brannvoll Aps (Denmark)
11.30	Raysut Cement – Oman and beyond: Joey Ghose, CEO, Raysut Cement Company (Oman)
12.00	East African industry growth and consequences for Middle Eastern cementitious exporters, now to 2025: Tony Hadley African Advisory
12.30	Lunch
14.00	Cement industry in Egypt: challenges and opportunities: Noha Bakr, Egyptian Council for Strategic Studies (Egypt)
14.30	Pakistan's export capabilities and dedicated terminal for handling coal, cement and clinker: Sharique A Siddiqui, Pakistan International Bulk Terminal (Pakistan)
15.00	UAE sector developments: Manoj Rustagi, JSW Cement FZE (UAE)
15.30	Coffee break
16.00	Strategies for a cyclical industry: Michael Clark, Whitehopleman (UK)
16.30	Industrial excellence vs market dynamics – a case study of YCC's industrial excellence programme: Amr Nader, Yanbu Cement (Saudi Arabia)
17.00	Going green – renewable energy and environment sustainability initiatives: Muhammad Ahsan Mehmood, Fauji Cement (Pakistan)
17.30	Evening reception in the Exhibition Area

Anne Dekeukelaere, Cementis (Switzerland) Total cost of ownership approach to cleaning and lubricating open gear drives: Pierre-Marie Maurice, Total Lubricants (France) 10.30 Coffee break 11.00 Advanced process control – Millmaster: Dirk Schmidt, KIMA Process Control (Germany) Intelligent reports and the power of asking the right questions: Christina Jund Jakobsen, CemWise (Denmark) Using HPGR to improve the efficiency of existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to
09.00 Africa – optimising the strategy to 2030: Jim O'Brien CSR Consulting (Ireland) 109.30 LC3 – a breakthrough for the cement industry: Anne Dekeukelaere, Cementis (Switzerland) Total cost of ownership approach to cleaning and lubricating open gear drives: Pierre-Marie Maurice, Total Lubricants (France) 10.30 Coffee break 11.00 Advanced process control – Millmaster: Dirk Schmidt, KIMA Process Control (Germany) Intelligent reports and the power of asking the right questions: Christina Jund Jakobsen, CemWise (Denmark) Using HPGR to improve the efficiency of existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels co- processing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system t reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising
Total cost of ownership approach to cleaning and lubricating open gear drives: Pierre-Marie Maurice, Total Lubricants (France) 10.30 Coffee break 11.00 Advanced process control – Millmaster: Dirk Schmidt, KIMA Process Control (Germany) Intelligent reports and the power of asking the right questions: Christina Jund Jakobsen, CemWise (Denmark) Using HPGR to improve the efficiency of existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system t reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising
10.00 and lubricating open gear drives: Pierre-Marie Maurice, Total Lubricants (France) 10.30 Coffee break 11.00 Advanced process control – Millmaster: Dirk Schmidt, KIMA Process Control (Germany) Intelligent reports and the power of asking the right questions: Christina Jund Jakobsen, CemWise (Denmark) Using HPGR to improve the efficiency of existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.00 Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.00 Coffee break Developing an effective maintenance system treduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising
11.00 Advanced process control – Millmaster: Dirk Schmidt, KIMA Process Control (Germany) Intelligent reports and the power of asking the right questions: Christina Jund Jakobsen, CemWise (Denmark) Using HPGR to improve the efficiency of existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising
Intelligent reports and the power of asking the right questions: Christina Jund Jakobsen, CemWise (Denmark) Using HPGR to improve the efficiency of existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising
the right questions: Christina Jund Jakobsen, CemWise (Denmark) Using HPGR to improve the efficiency of existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising
11.40 existing grinding systems: Thomas Hanstein, Koeppern (Germany) Value maximisation with advanced grinding systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
12.00 systems and state-of-the-art pyro solutions: York Reichardt, KHD Humboldt Wedag (Germany) 12.30 Lunch Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising
Advances in coarse solid alternative fuels coprocessing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
14.00 processing: Sunil Kumbhar, WALTER Materials Handling / ATS-Group (France/India) Environmental regulations in the Middle East and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
14.20 and implications for alternative fuels: Bassem Nassouhy, Scientific Business Solutions (UAE) Optimising the total cost of ownership of your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
14.40 your baghouse: Saravana Karthik, W L Gore & Associates (Germany) Iran cement: market evaluation and a new quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
15.00 quality control test for clinker by ICC: Hamid Reza, ICEM AB (Iran) 15.30 Coffee break Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
Developing an effective maintenance system to reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) Advances in cement packing and palletising Cocktail reception followed by Gala Dinner
16.00 reduce costs and maximise uptime: PK Ghosh, ERCOM Engineers Pvt Ltd (India) Turnkey AF handling, weighing and feeding systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
 16.30 systems – case studies from Turkey and Austria: Boris Juchems, BEUMER (Germany) 17.00 Advances in cement packing and palletising 19.00 Cocktail reception followed by Gala Dinner
19.00 Cocktail reception followed by Gala Dinner
WEDNESDAY, 19 FEBRUARY 2020

Plant tour to Union Cement Co (RAK)

*Conference programme is subject to change.

-17.30
