

ASIA 2023

Conference Programme* HANOI — VIETNAM — 25-28 JUNE 2023

14:00 Exhibition set-up 16:00 Delegate registration MONDAY, 26 JUNE 2023 07:30 Delegate registration 08:45 Welcome address from the conference organisers 09:00 Global cement industry – market trends and forecasts 09:30 Keynote: Seizing the net zero opportunity across the Asian cement sector 10.00 Vietnam's roadmap to sustainability 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15:00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon technologies	SUNDAY	7, 25 JUNE 2023
 07:30 Delegate registration 08:45 Welcome address from the conference organisers 09:00 Global cement industry – market trends and forecasts 09:30 Keynote: Seizing the net zero opportunity across the Asian cement sector 10.00 Vietnam's roadmap to sustainability 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14:40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	14:00	Exhibition set-up
 07:30 Delegate registration 08:45 Welcome address from the conference organisers 09:00 Global cement industry – market trends and forecasts 09:30 Keynote: Seizing the net zero opportunity across the Asian cement sector 10.00 Vietnam's roadmap to sustainability 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	16:00	Delegate registration
 08:45 Welcome address from the conference organisers 09:00 Global cement industry - market trends and forecasts 09:30 Keynote: Seizing the net zero opportunity across the Asian cement sector 10.00 Vietnam's roadmap to sustainability 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and AI for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	MONDA	Y, 26 JUNE 2023
organisers O9:00 Global cement industry – market trends and forecasts O9:30 Keynote: Seizing the net zero opportunity across the Asian cement sector 10.00 Vietnam's roadmap to sustainability 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15:00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	07:30	Delegate registration
forecasts 09:30 Keynote: Seizing the net zero opportunity across the Asian cement sector 10.00 Vietnam's roadmap to sustainability 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	08:45	
10.00 Vietnam's roadmap to sustainability 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15:00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	09:00	
 10:30 Coffee break 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and AI for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	09:30	
 11:00 ASEAN cement markets and trade report 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and AI for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	10.00	Vietnam's roadmap to sustainability
 11:30 A vision for China's net zero cement sector 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and AI for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	10:30	Coffee break
 12:00 Modernising your plant for a net zero future 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and AI for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	11:00	ASEAN cement markets and trade report
 12:30 Lunch 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	11:30	A vision for China's net zero cement sector
 14:00 Indonesian cement sector approaches to decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	12:00	Modernising your plant for a net zero future
decarbonisation 14:20 Building a smart plant: machine learning and Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	12:30	Lunch
Al for advanced plant automation 14.40 Plant optimisation strategies and improving energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	14:00	
energy efficiency 15.00 Enhancing energy efficiency through waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	14:20	
waste heat recovery 15:30 Coffee break 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	14.40	
 16:00 Status and future prospects for carbon trading in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon 	15.00	
in Asia 16:30 CCUS technologies and current implementation 17:00 Financing the transition to low carbon	15:30	Coffee break
implementation 17:00 Financing the transition to low carbon	16:00	Status and future prospects for carbon trading in Asia
	16:30	
	17:00	

TUESDAY,	27 JUNE 2023
09:00	The role of the cement and concrete industry in the circular economy
09:30	Concrete technology, carbon mineralisation and carbon reduction
10:00	Manufacturing low carbon cements: India case study
10:30	Coffee break
11:00	Alternative fuels preparation and storage systems for MSW, RDF and biomass
11:20	Optimising AF systems: burners, combustion chambers and chlorine bypasses
11:40	Air pollution control and monitoring systems
12:00	Retrofitting a modern clinker cooler
12:30	Lunch
14:00	The potential for calcined clay cements in Asia
14:30	Modular and flexible grinding systems
15:00	Chemical additives for increased strength and reduced clinker factor
15:30	Coffee break
16:00	Myanmar cement industry – unique challenges and innovative solutions
16:20	Online analysers for improved quality control from quarry to lorry
16:40	Best practice refractory techniques
17:00	Advanced bagging and packaging technologies
19:30	Gala dinner and entertainment
WEDNESD	AY, 28 JUNE 2023
	FILLIAM AND

*Conference programme is subject to change.
